I first entered real estate as a college student at the University of Michigan. I joined the Ann Arbor Area Board of Realtors and quickly became engaged at the committee level and served as a Director. I have been on at least one committee at the Board nearly every year of my career. I also have been engaged in Ann Arbor City government, serving 2 terms on City Council and 3 terms on the Downtown Development Authority.

Being elected to District Director for Michigan Realtors will utilize my skills and passion in both arenas of my life: real estate and public policy.
